

2025 Global Holidays

This is Sterling's global list of public and national holidays that could impact screening around the world. Please note the list may exclude some local and state/province holidays.

In observance of these holidays, some courthouses, schools, businesses, and governments will close. As a result, criminal searches, drug and health testing, and verifications with external dependencies are expected to be delayed. We recommend candidates and employees scheduled for drug and/or health services call their selected testing site to verify hours of operation as some providers have modified hours.
